

Data Products Week 4 - US Violent Crimes

Brandon Robinson

2024-07-05

Overview

Create a web page presentation using R Markdown that features a plot created with Plotly. The presentation will use the **USArrest** dataset to view violent crimes by urban population.

Urban population (**UrbanPop**) vs. murder (**Murder**, **Assault**, **Rape**). Each violent crime variable will be represented in a different color.

Create plot presentation
